

STUDENTS FEEDBACK ON ANATOMY DEPARTMENT
ANALYSIS REPORT 2017-2018

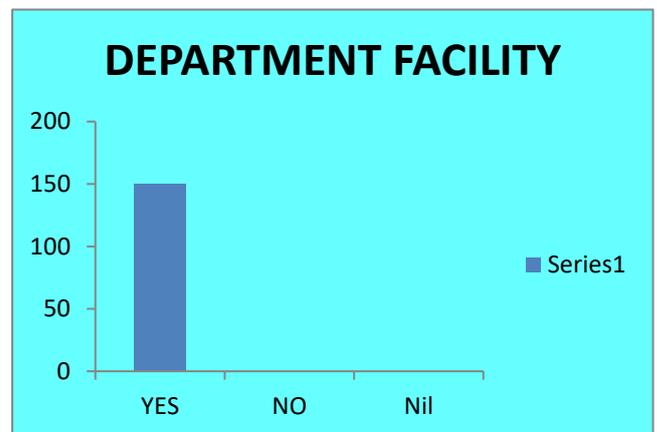

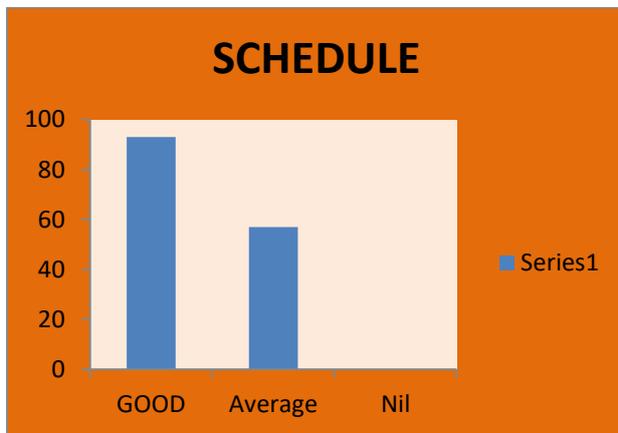

Feedback from 134 students for department was taken from Anatomy Department as per the feedback forms.

Summary-

Students were satisfied ($\geq 85\%$) with facilities like Department facility, teaching, Schedule, Syllabus, internal assessment, clinical staff, library timing, Syllabus completion, classroom facility, proportion of lecture, faculty teaching staff, and department office.

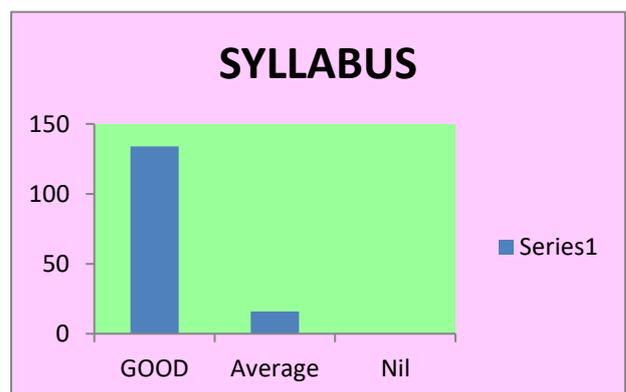

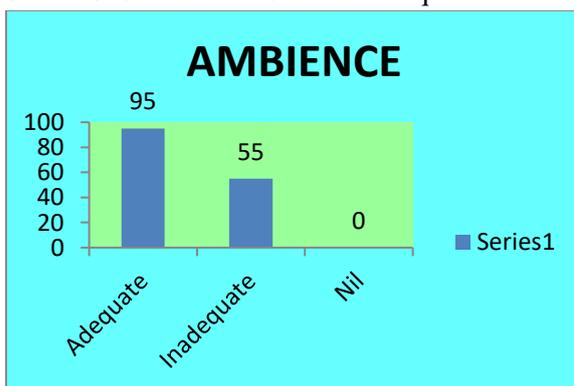

Students were moderately satisfied ($\leq 85\%$) in completion of syllabus, national program and ambience.

a) Schedule- All students were satisfied with the schedule of the department.

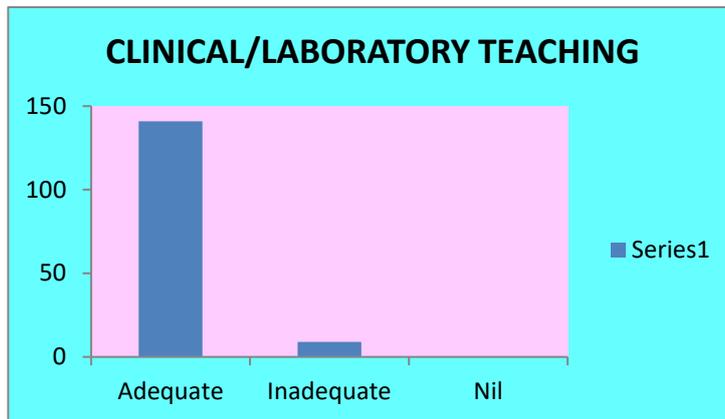

b) Department facility- All students found department facilities to be adequate

c) Ambience- 64% of students said that the ambience of department was good while 36% students found the ambience inadequate.

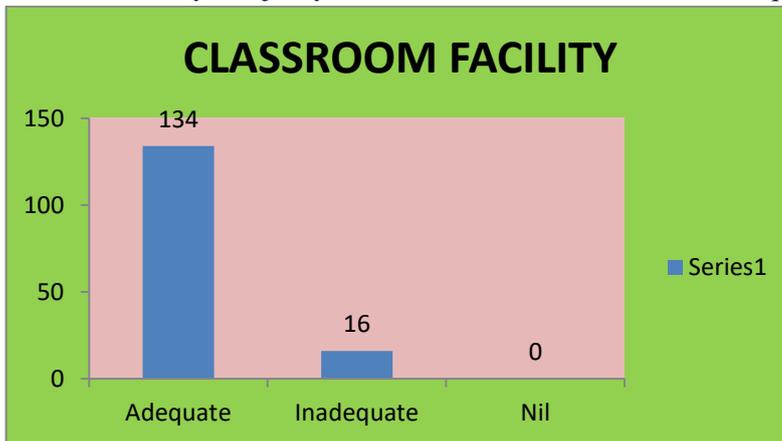

d) Syllabus- All students found syllabus to be average or good.

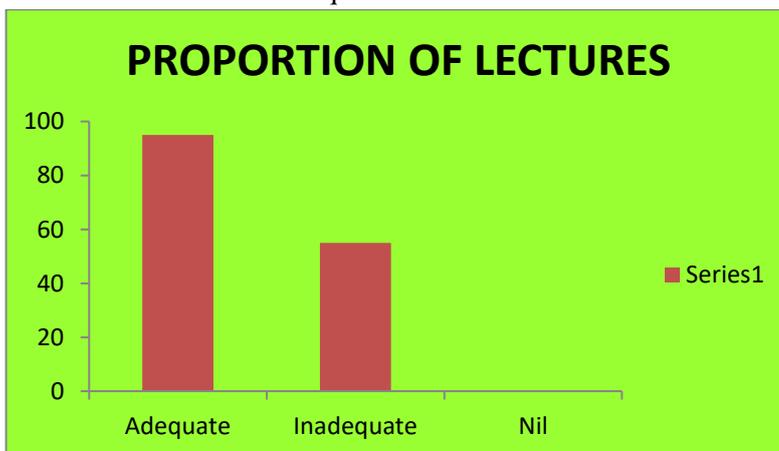

e) Teaching- Majority of students were satisfied with the teaching while none were dissatisfied.

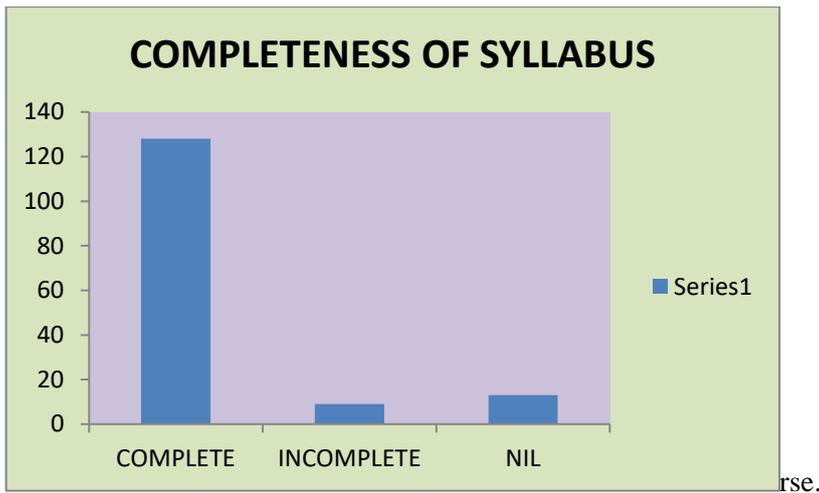

f) Classroom facility- Majority found the facilities of classroom adequate

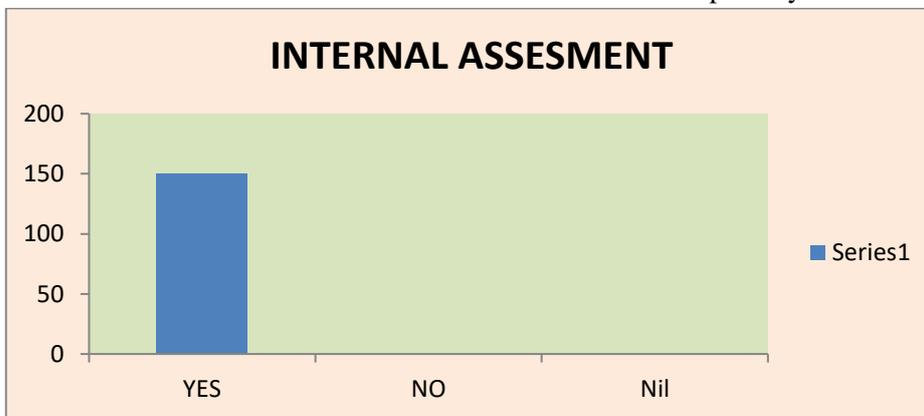

g) Proportion of lecture- Majority student stated that the number of lectures were adequate while 53 found the number of lectures inadequate.

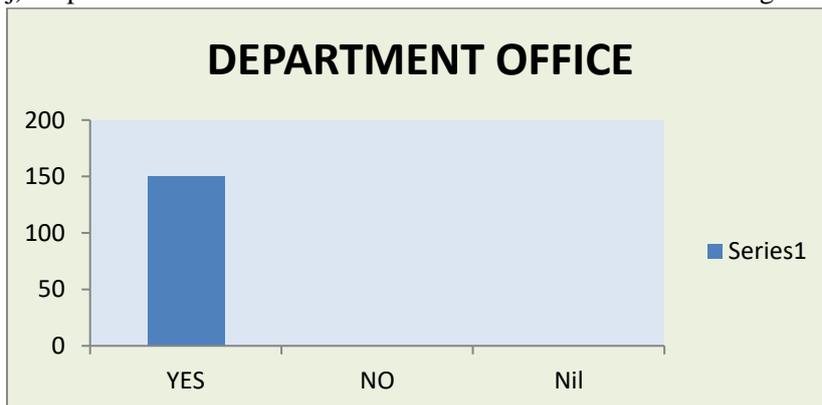

h) Completion of syllabus-

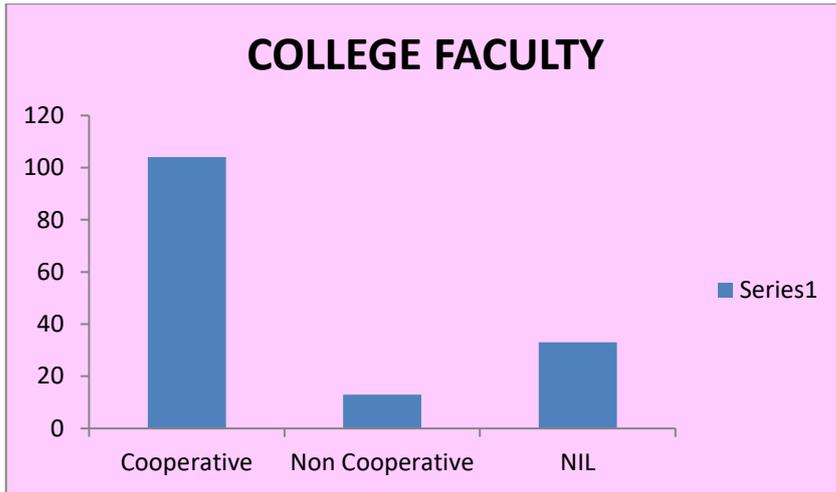

i) Internal assessment- All students were satisfied with the transparency in internal assessment marks.

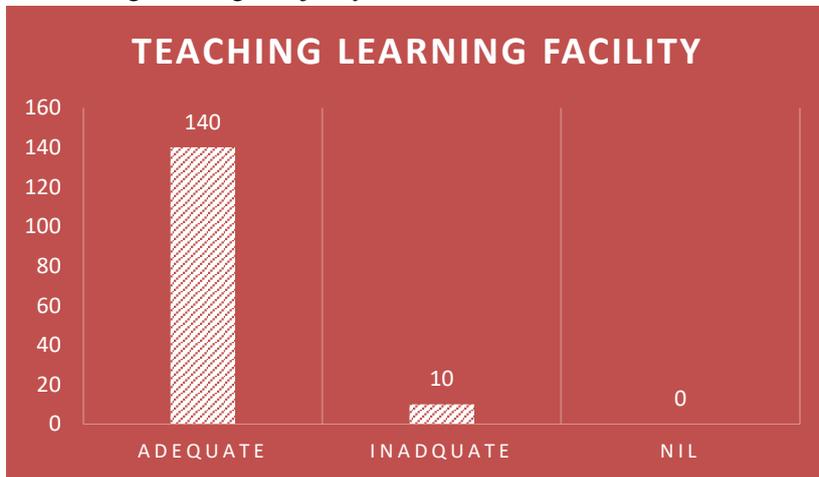

j) Department office- All students were satisfied with the dealings with the Office Staff

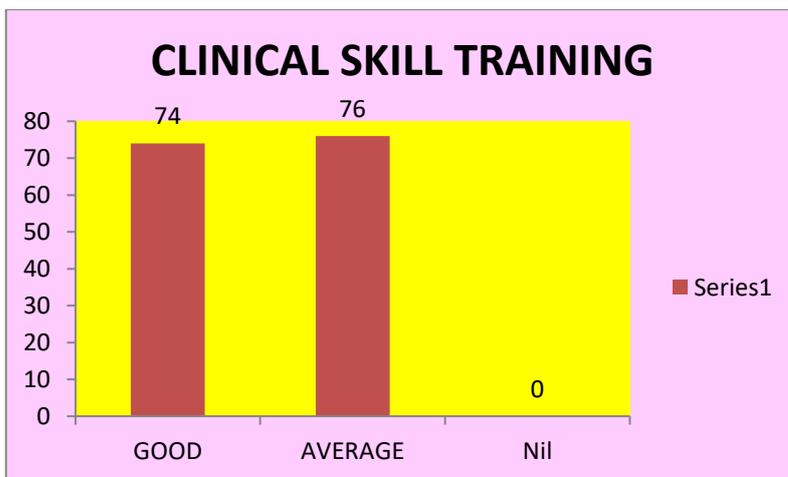

k) Faculty- Overall Students found faculty cooperative and helpful.

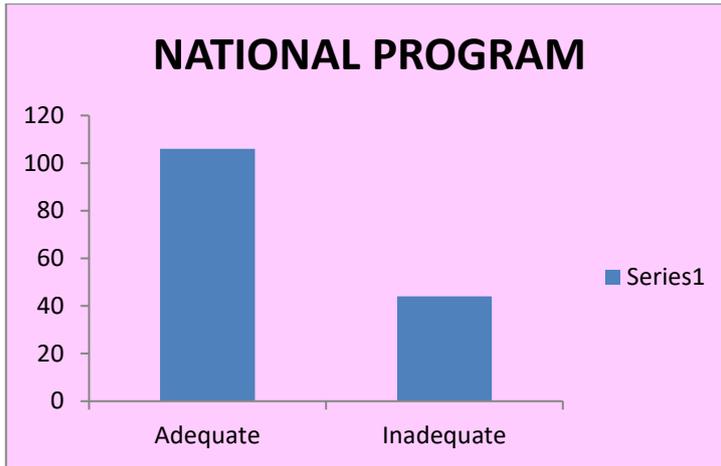

l) Teaching learning- Majority students found the facilities for teaching learning adequate.

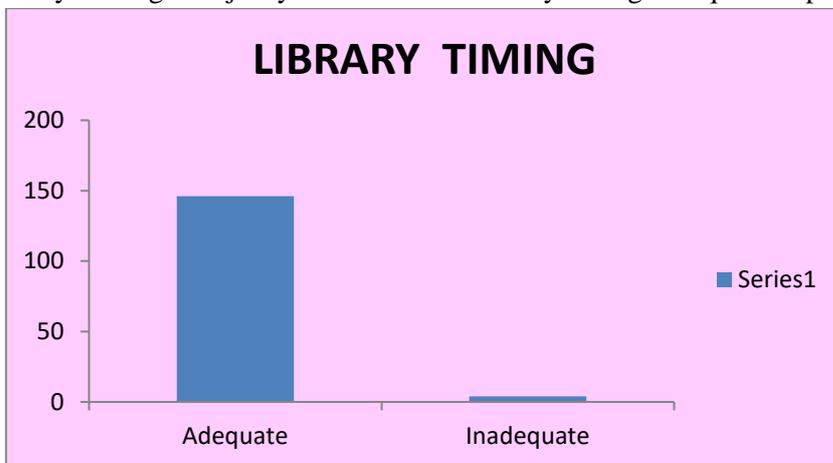

m) Clinical skills-

n) National Program- Teaching about National Programs is adequate from beginning.

o) Library Timings- majority students found library timings adequate as presently kept

STUDENTS FEEDBACK ON BIOCHEMISTRY DEPARTMENT

ANALYSIS REPORT 2017-18

Feedback from 148 students for department was taken from Biochemistry Department as per the feedback forms attached.

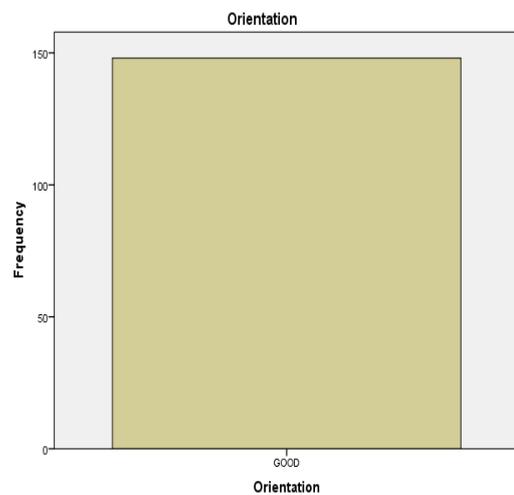

Summary-

Students were satisfied ($\geq 85\%$) with facilities like orientation, timely notification, departmental facility, syllabus coverage, practical facilities, AV facilities, format proportion, syllabus completion, internal assessment, departmental office and department faculty.

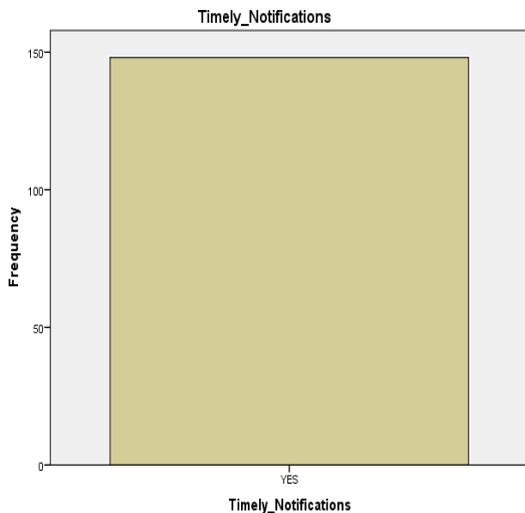

Students were moderately satisfied ($\leq 85\%$) in Ambience, teaching learning facility, and museum usage.

a) Orientation:

100 of the students said that the orientation was good.

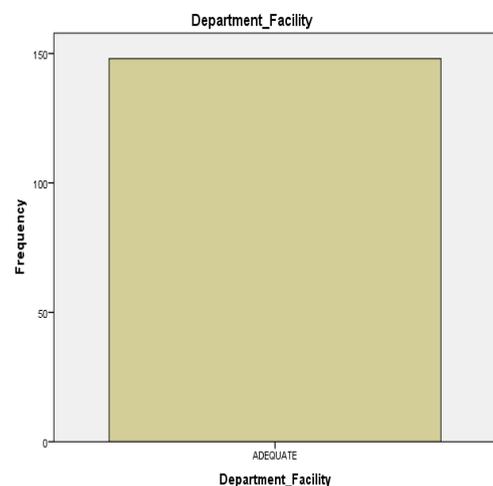

b) Timely Notifications:

100% of the students said timely notifications were given.

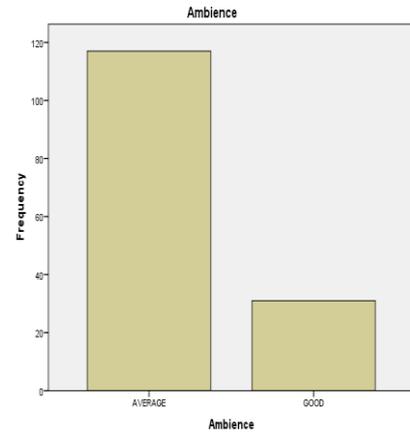

c) Departmental facility:

100% of the students said departmental facility was adequate.

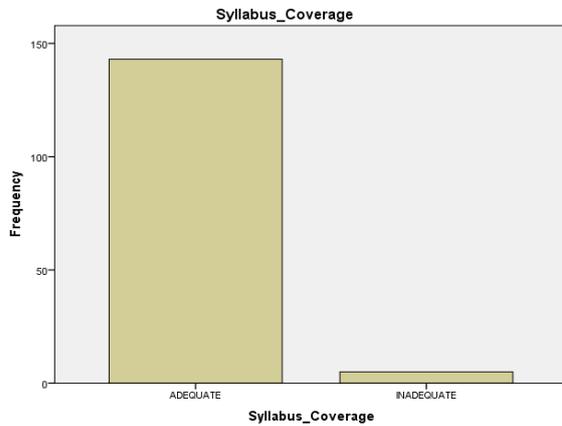

d) Ambience:

79.1% of the students said that the ambience was average whereas 20.9% said it was good.

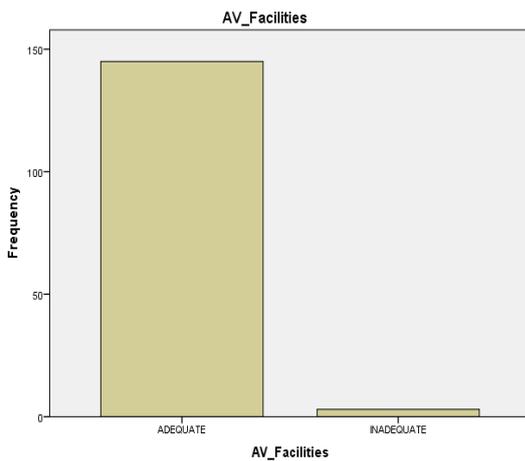

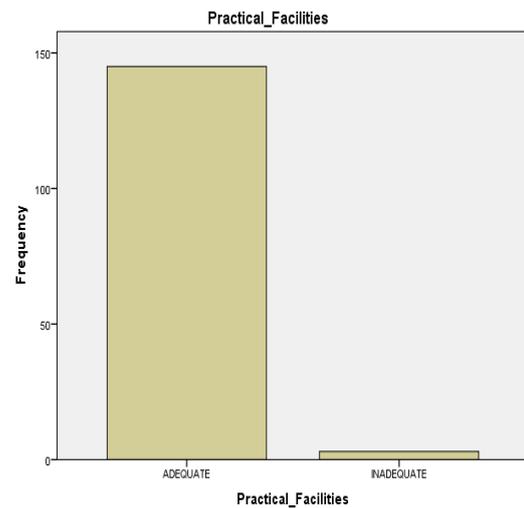

e) Syllabus coverage:

96.6% of the students said that the Syllabus was adequate while 3.4 % said it was inadequate.

f) Practical facilities:

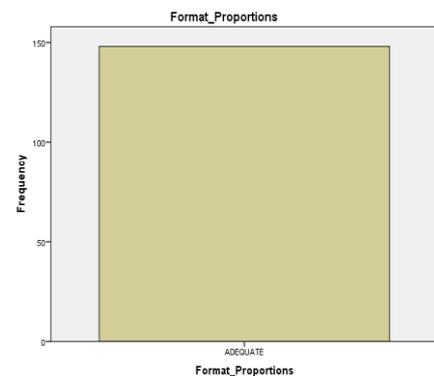

98.0% of the students said the practical facilities were adequate while 2.0% students said it was inadequate.

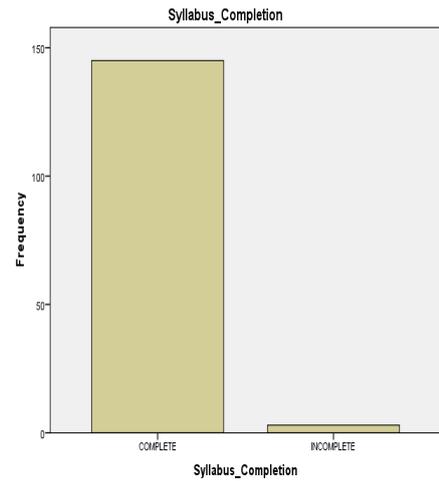

g) AV facilities: 98% of the students said that the AV facilities were adequate while 2% of them said it was inadequate.

h) Format proportions:

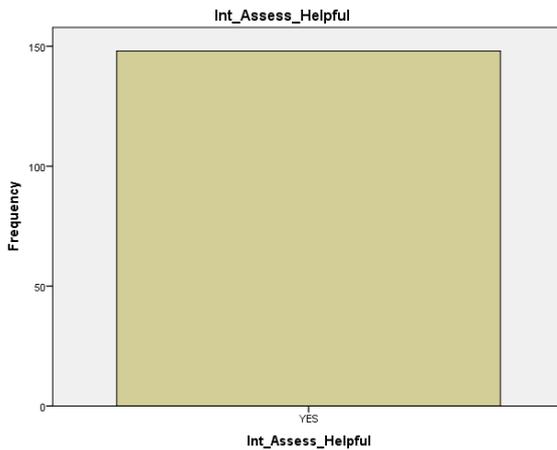

100% of the students said that the format proportions were adequate.

i) Syllabus completion: 98% of the students said that the syllabus was completed on time while 2% of them said it was not completed on time.

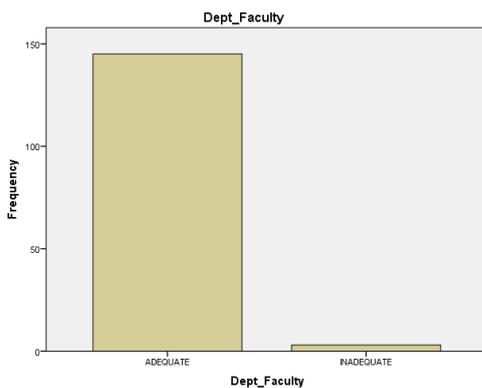

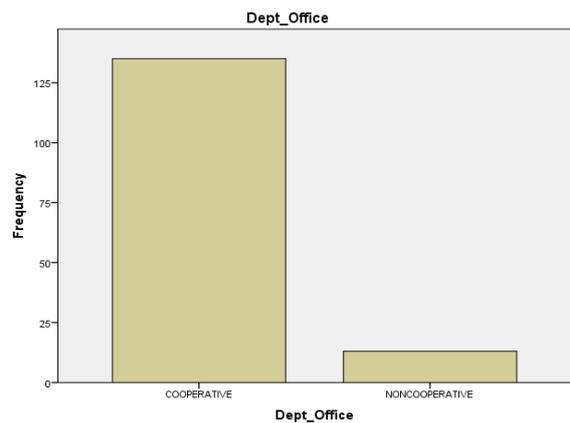

j) Internal assessment: 100 % of the students said the internal assessment was fair.

k) Department Office:

91.2% of the students said that the departmental office was cooperative while 8.8% said it was non cooperative.

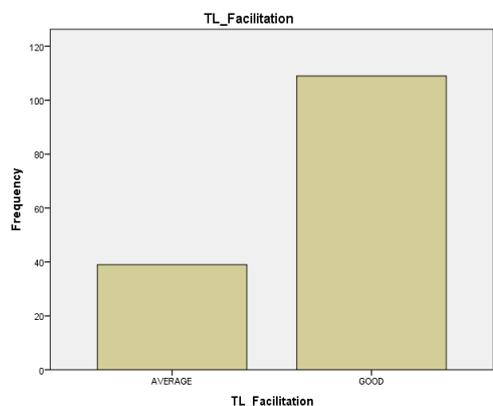

k) Department Faculty:

98 % of the students said the faculty was adequate while 2 % of them said it was inadequate.

l) Teaching Learning facility:

26.4% of the students said the teaching learning facility was average while 73.6% of them said it was good.

m) Museum usage: 15.5% of the students said the museum usage was adequate while 84.5 % of them said it was good.

STUDENTS FEEDBACK ON PHYSIOLOGY DEPARTMENT

ANALYSIS REPORT 2017-18

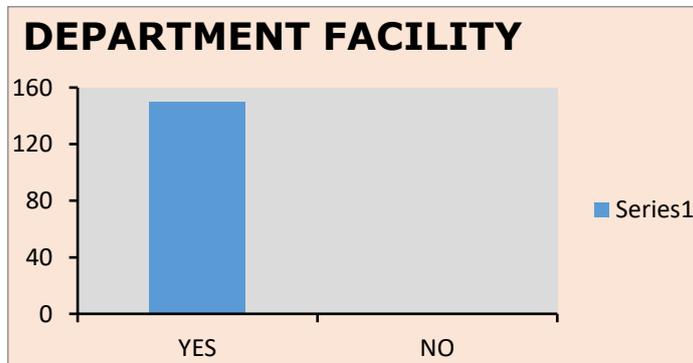

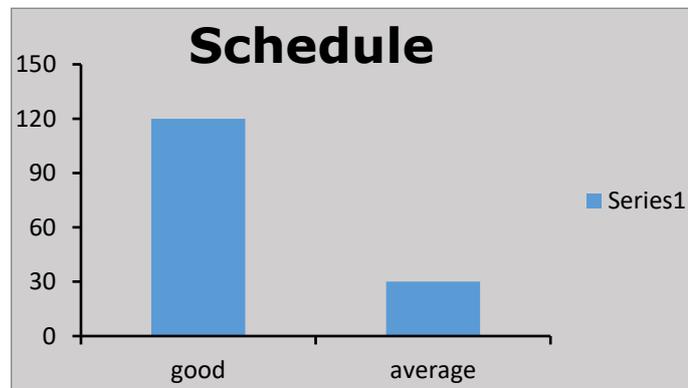

Feedback from 134 students for department was taken from Physiology Department as per the feedback forms attached.

Summary- Students were satisfied ($\geq 85\%$) with facilities like Department facility, Syllabus, internal assessment, clinical staff, library timing, Syllabus completion, classroom facility, proportion of lecture, faculty teaching staff, and department office.

Students were moderately satisfied ($\leq 85\%$) in schedule, teaching, completion of syllabus, national program and ambience.

a) Schedule-

80% of students were satisfied with the schedule of the department. 20% of students were not satisfied with the schedule and 0% didn't comment on the schedule of the department.

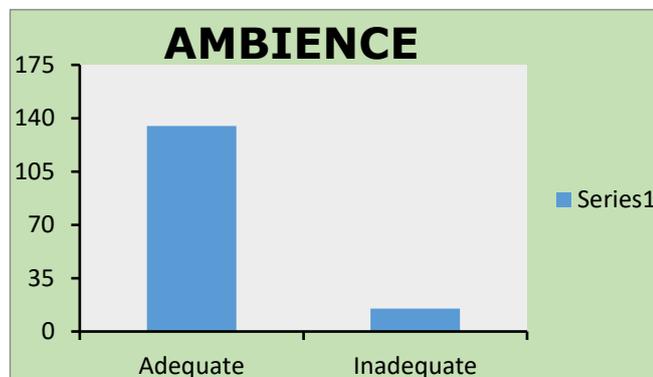

b) Department facility-

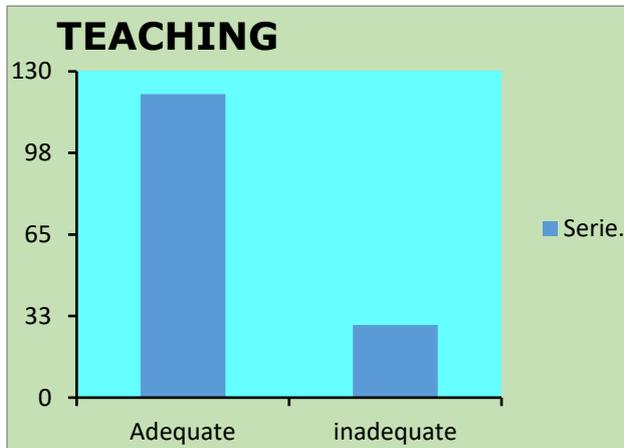

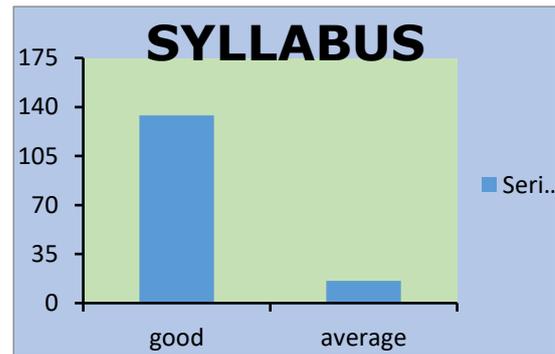

100% of students found department facilities to be adequate.

c) Ambience- 90% of students

said that the ambience of department was good while 10% students found the ambience as average and 0% didn't comment on the ambience of the department.

c) Syllabus- 89.3% of students found syllabus to be good while 10.6% said that the syllabus was inadequate and 0% didn't commented on the syllabus quality.

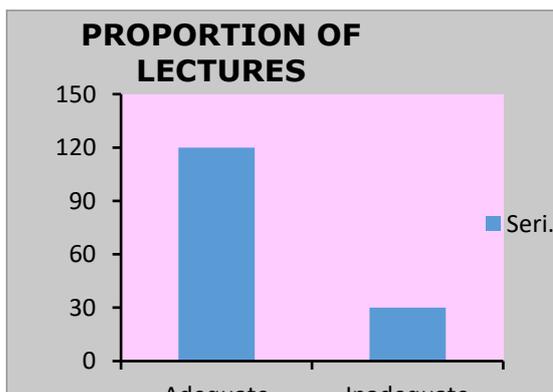

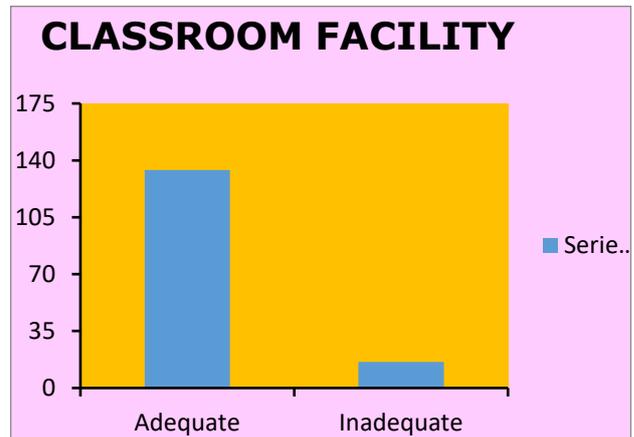

d) Teaching-

80.6% students stated that the teaching was adequate while 19.3% students stated teaching as inadequate and 0% didn't comment on the teaching quality.

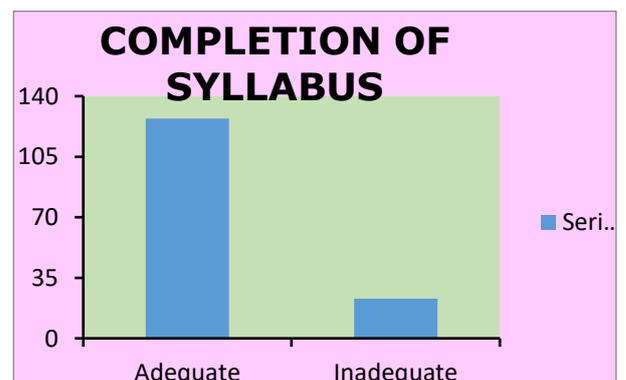

f) Classroom facility-

89.3% of students said the facilities of classroom were adequate while 10.6% of students said the facility was inadequate and 0% didn't comment on the classroom facility.

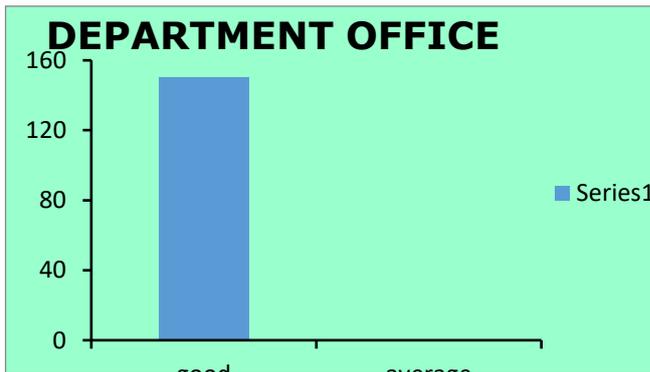

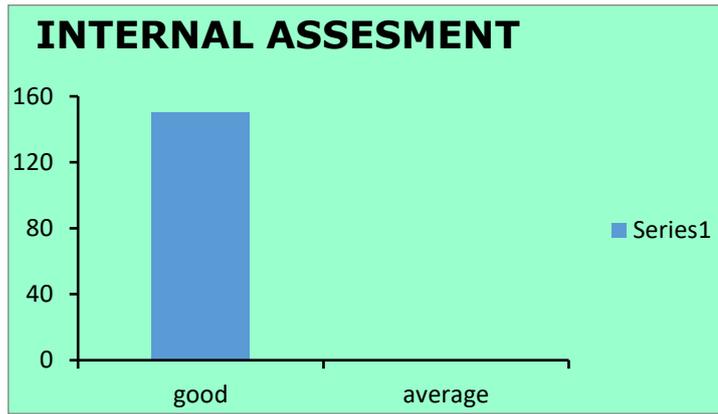

g) Proportion of lecture- 80% of student stated that the lecture was complete on time and only 20% said it was not complete on time. While 0% didn't comment on the Proportion of lecture.

h) Completion of syllabus-84.6% of students stated that the course was completed on time

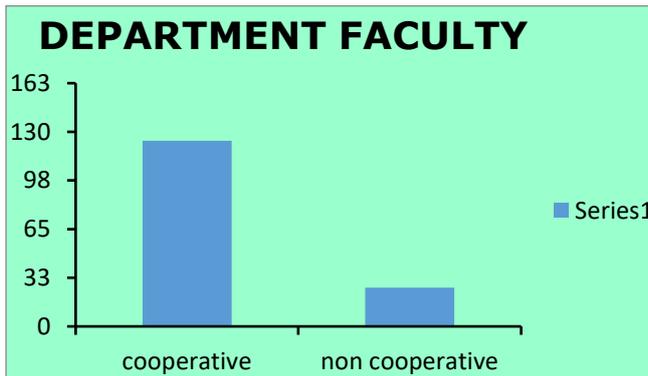

i) Internal assessment-

100% students said that the internal assessment was fair while 0% students said it was unfair and 0% didn't comment on the internal assessment.

j) Department office-

100% of students found adequate department utility while 0% students said it was average while 0% didn't comment on the same.

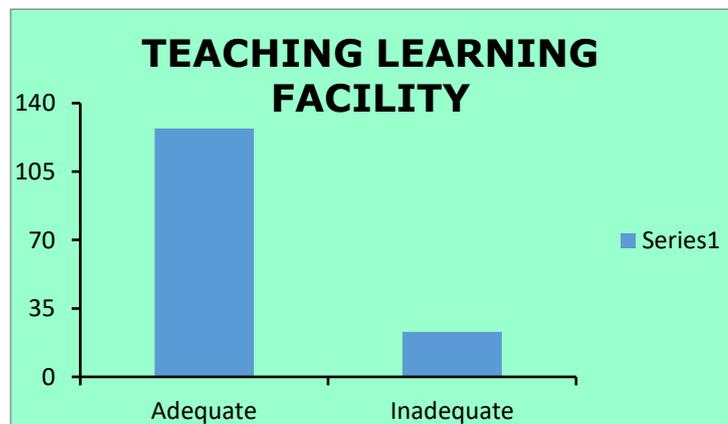

k) Faculty-

82.6% students said faculty was cooperative while 17.3% said they were not cooperative and 0.7% didn't comment on the same.

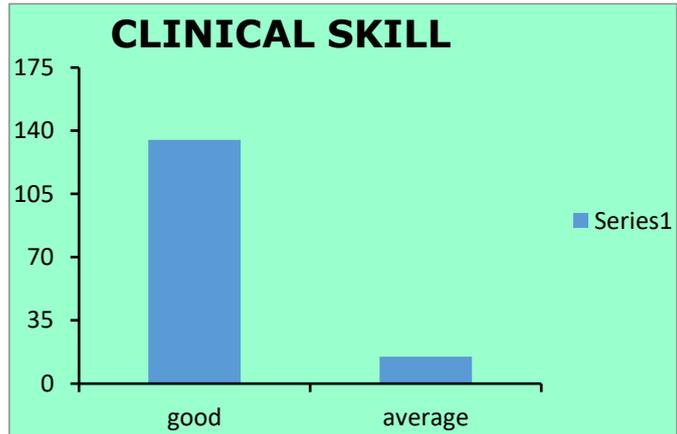

l) Teaching learning-

84.6% said the teaching learning facility was adequate while 15.3% said it was inadequate and 0% didn't comment on the same.

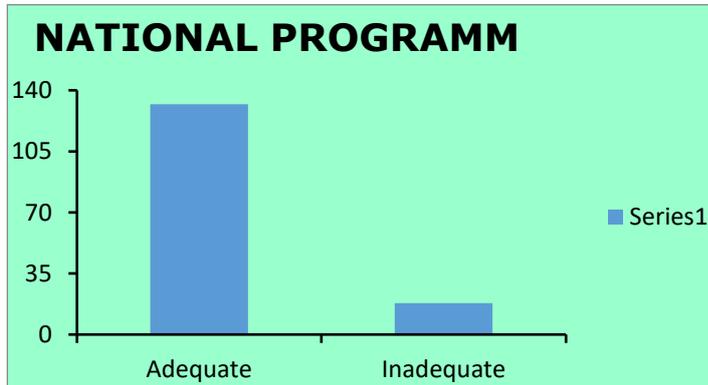

m) Clinical skills-

90% said the clinical skills were adequate while 10% said it was inadequate

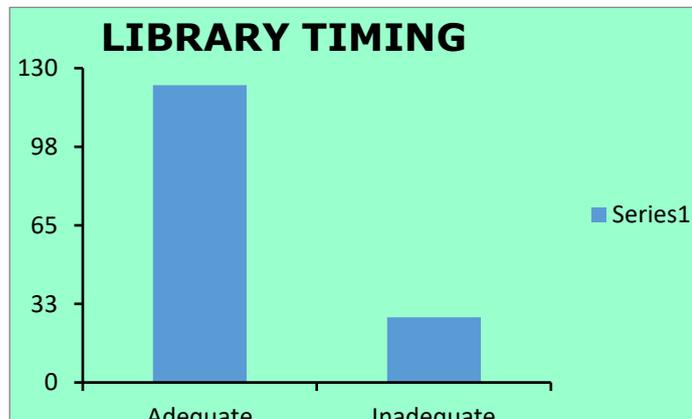

n) National Program-

89.3% students found it to be good while 10.7% found it to be average

o) Library Timings-

84.3% students said it was adequate and 14.9% said it was inadequate and 0% didn't comment on the same.

STUDENTS FEEDBACK ON FORENSIC DEPARTMENT

ANALYSIS REPORT 2017-18

Feedback from 134 students for department was taken from forensic Department as per the feedback forms attached.

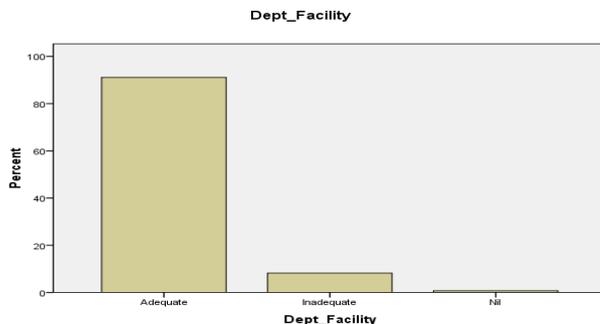

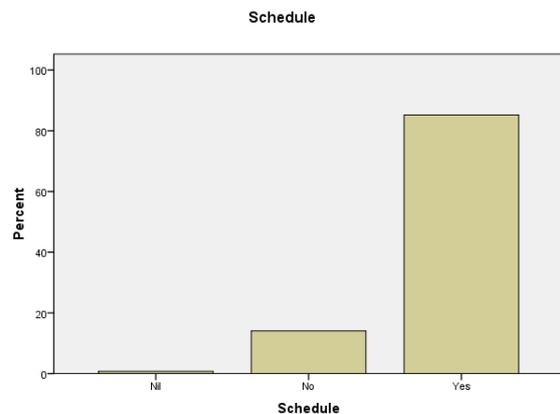

Summary-

Students were satisfied ($\geq 82\%$) with facilities like Department facility, teaching, Schedule, Syllabus, internal assessment, clinical staff, library timing, Syllabus completion, classroom facility, proportion of lecture, faculty teaching staff, and department office.

Students were moderately satisfied ($\leq 82\%$) in completion of syllabus, national program and ambience.

a) Schedule-

85.2% of students were satisfied with the schedule of the department. 14.1% of students were not satisfied with the schedule and only 0.7% didn't comment on the schedule of the department.

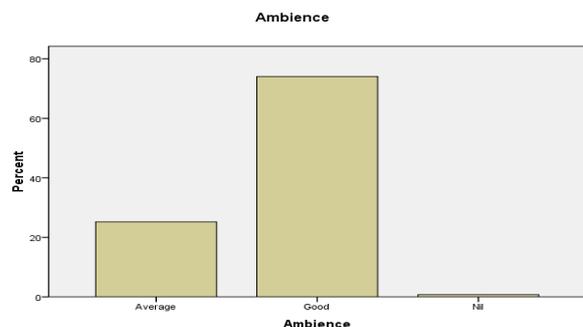

b) Department facility-

91.1% of students found department facilities to be adequate and only 8.1% found it to be inadequate and only 0.7% didn't comment on the facility of the department.

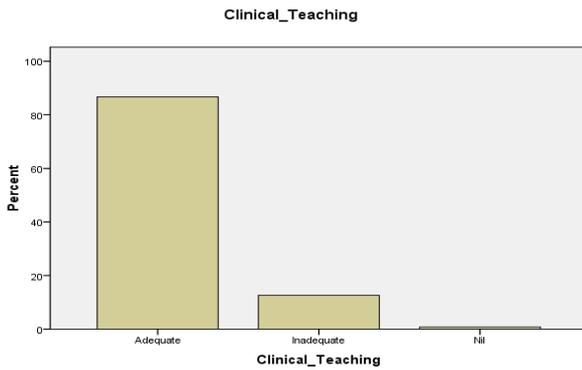

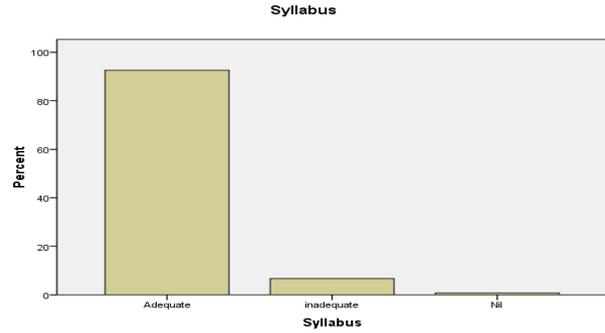

c) Ambience-

85.1% of students said that the ambience of department was good while 14.2% students found the ambience as average and 0.7% didn't comment on the ambience of the department.

d) Syllabus-

92.6% of students found syllabus to be adequate while 6.7% said that the syllabus was inadequate and 0.7% didn't comment on the syllabus quality.

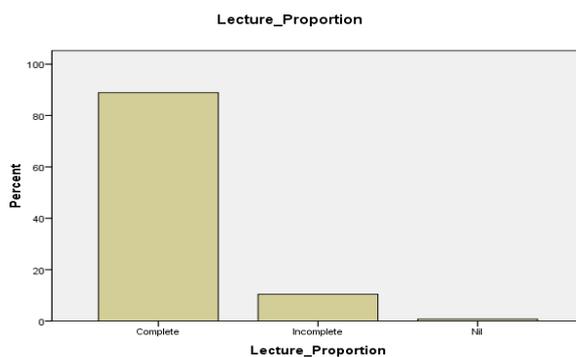

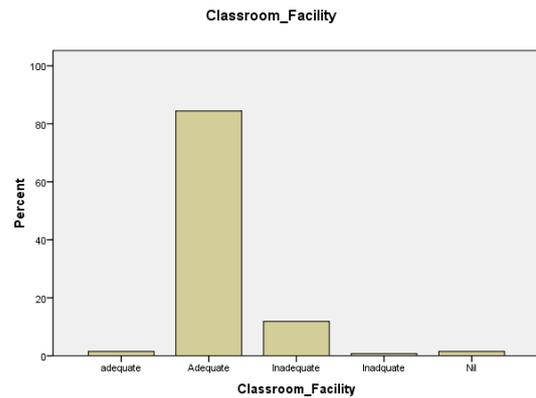

e) Clinical/LabTeaching-

86.7% students stated that the teaching was adequate while 12.6% students stated teaching as inadequate and 0.7% didn't comment on the teaching quality.

f) Classroom facility-

84.4% of students said the facilities of classroom were adequate while 11.9% of students said the facility was inadequate and 1.5% didn't comment on the classroom facility.

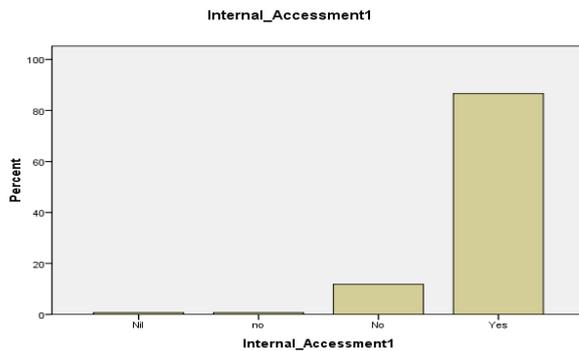

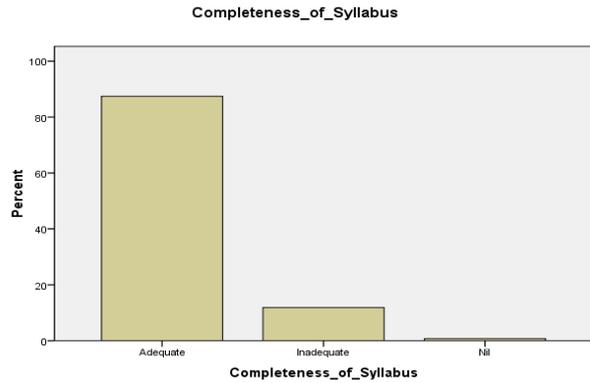

g) Proportion of lecture-

88.9% of student stated that the lecture was complete on time and only 10.4% said it was not complete on time. While 0.7% didn't comment on the Proportion of lecture.

h) Completion of syllabus-

87.4% of students stated that the course was complete on time and only 11.9% said it was not complete on time. While 0.7% didn't comment on the completion of course.

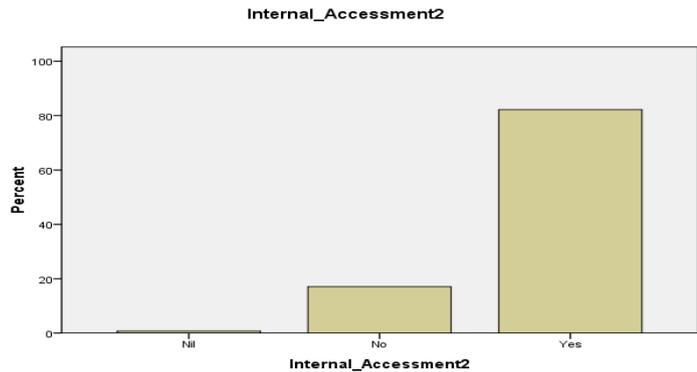

i) Internal assessment1-

86.7% students said that the internal assessment was fair while 11.9 % students said it was unfair and 0.7% didn't comment on the internal assessment.

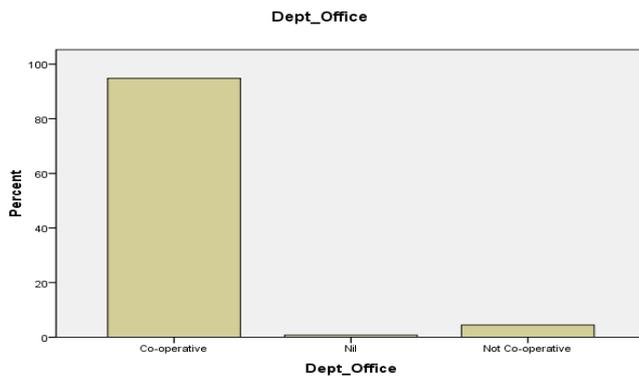

i) Internal assessment 2-

82.2% students said that the internal assessment was fair while 17% students said it was unfair and 0.7% didn't comment on the internal assessment.

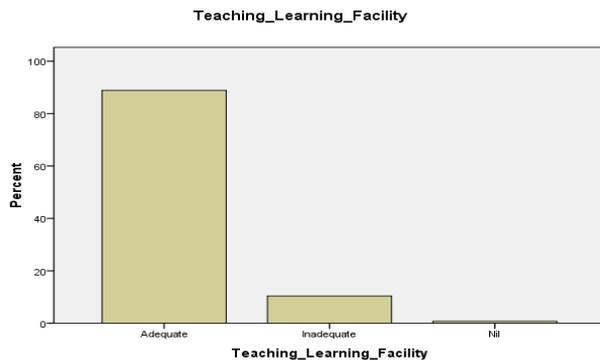

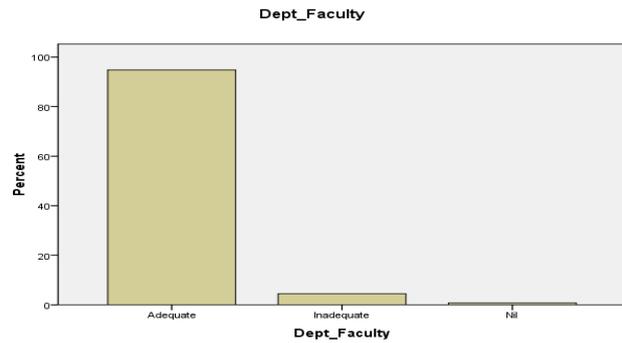

j) Department office-

94.8% of students found adequate department utility while 4.4% students said it was average while 0.7% didn't comment on the same.

k) Faculty-

94.8% students said faculty was co-operative while 4.4% said they were not co-operative and 0.7% didn't comment on the same.

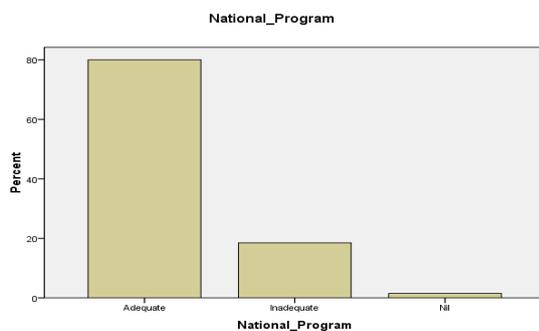

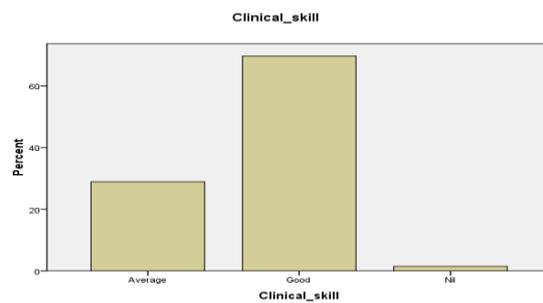

l) Teaching learning-

88.9% said the teaching learning facility was adequate while 10.4% said it was inadequate and 0.7% didn't comment on the same.

m) Clinical skills-

69.6% said the clinical skills were good while 28.9% said it was average and 1.5% didn't comment on the same.

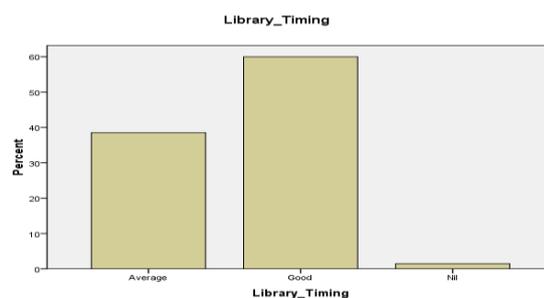

n) National Program

80% students found it to be adequate while 18.5% found it to be inadequate and 1.5% didn't comment on the same.

o) Library Timings-

60% students said it was good and 38.5% said it was average and 1.5% didn't comment on the same.

STUDENTS FEEDBACK ON PATHOLOGY DEPARTMENT

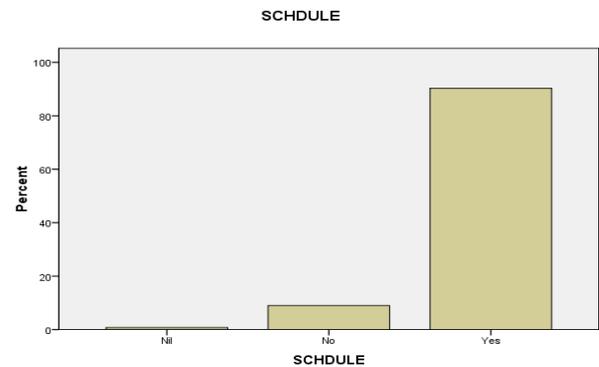

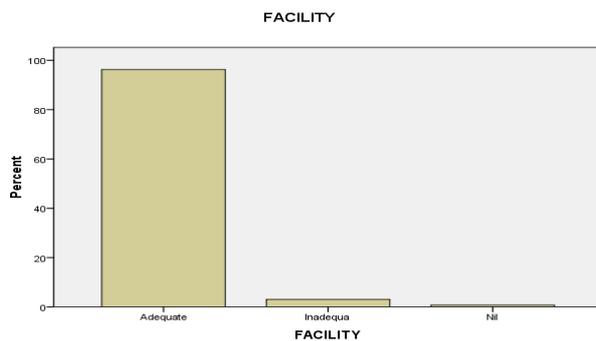

ANALYSIS REPORT 2017-18

Feedback from 134 students for department was taken from Pathology Department as per the feedback forms attached.

Summary- Students were satisfied ($\geq 68\%$) with facilities like Department facility, teaching, Schedule, Syllabus, internal assessment, clinical staff, library timing, Syllabus completion, classroom facility, proportion of lecture, faculty teaching staff, and department office. Students were moderately satisfied ($\leq 68\%$) in completion of syllabus, national program and ambience

a) Schedule-

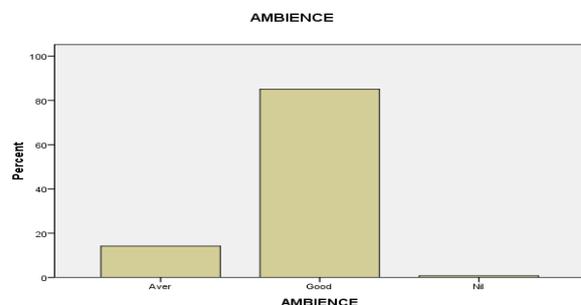

90.3% of students were satisfied with the schedule of the department. 9% of students were not satisfied with the schedule and only 0.7% didn't comment on the schedule of the department.

b) Department facility-

96.3% of students found department facilities to be adequate and only 3% found it to be inadequate and only 0.7% didn't comment on the facility of the department.

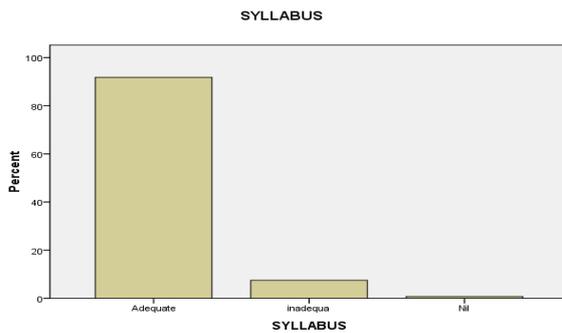

c) Ambience-

85.1% of students said that the ambience of department was good while 14.2% students found the ambience as average and 0.7% didn't comment on the ambience of the department.

d) Syllabus-

91.8% of students found syllabus to be adequate while 7.5% said that the syllabus was inadequate and 0.7% didn't commented on the syllabus quality.

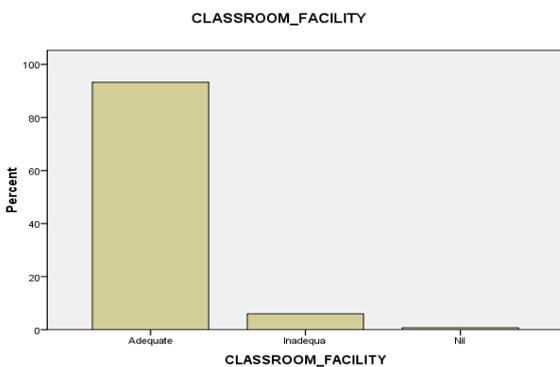

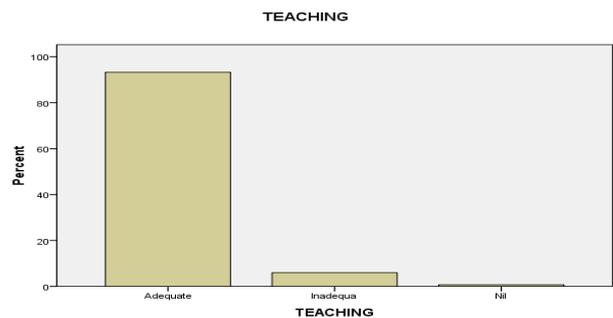

e) Teaching-

93.3% students stated that the teaching was adequate while 6.7% students stated teaching as inadequate and 0.7% didn't comment on the teaching quality.

f) Classroom facility-

93.3% of students said the facilities of classroom were adequate while 6.7% of students said the facility was inadequate and 0.7% didn't comment on the classroom facility.

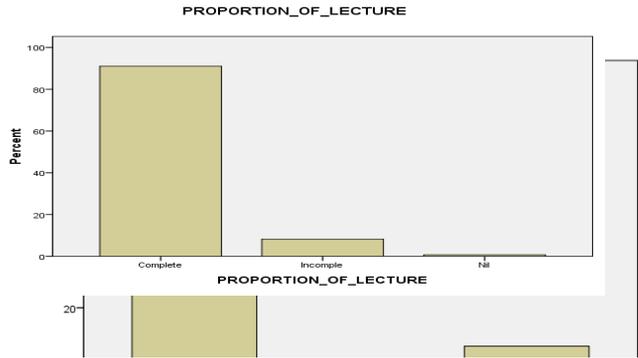

g) Proportion of lecture-

91.1% of student stated that the lecture was complete on time and only 8.2% said it was not complete on time. While 0.7% didn't comment on the Proportion of lecture.

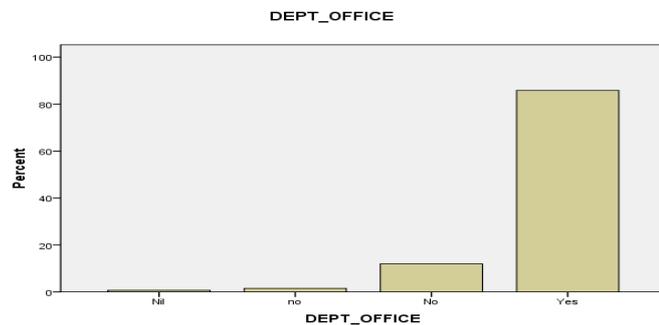

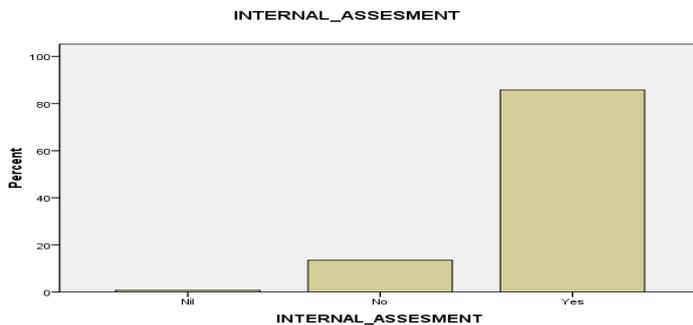

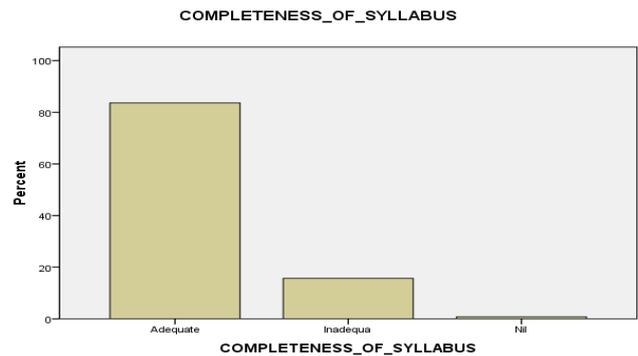

h) Completion of syllabus-

83.6% of students stated that the course was complete on time and only 5.7% said it was not complete on time. While 0.7% didn't comment on the completion of course.

i) Internal assessment-

85.8% students said that the internal assessment was fair while 13.4% students said it was unfair and 0.7% didn't comment on the internal assessment.

j) Department office-

85.8% of students found adequate department utility while 13.4% students said it was average while 0.7% didn't comment on the same.

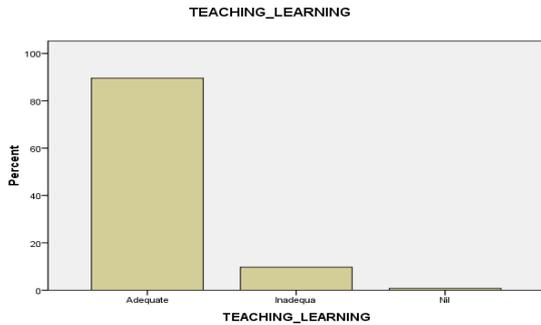

k) Faculty-

92.5% students said faculty was co-operative while 6.7% said they were not co-operative and 0.7% didn't comment on the same.

l) Teaching learning-

89.6% said the teaching learning facility was adequate while 9.7% said it was inadequate and 0.7% didn't comment on the same.

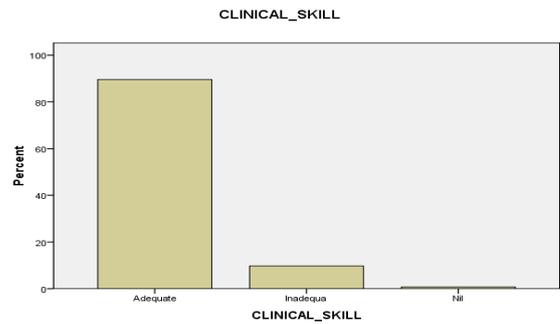

m) Clinical skills-

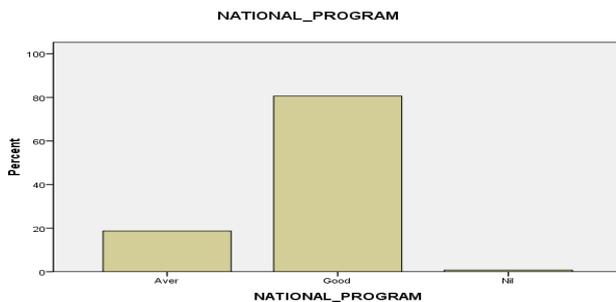

89.6% said the clinical skills were adequate while 9.7% said it was inadequate and 0.7% didn't comment on the same.

n) National Program-

80.6% students found it to be good while 18.7% found it to be average and 0.7% didn't comment on the same.

o) Library Timings-

84.3% students said it was adequate and 14.9% said it was inadequate and 0.7% didn't comment on the same.

STUDENTS FEEDBACK ON MICROBIOLOGY DEPARTMENT

ANALYSIS REPORT 2017-18

Feedback from 130 students for department was taken from Microbiology Department as per the feedback forms attached.

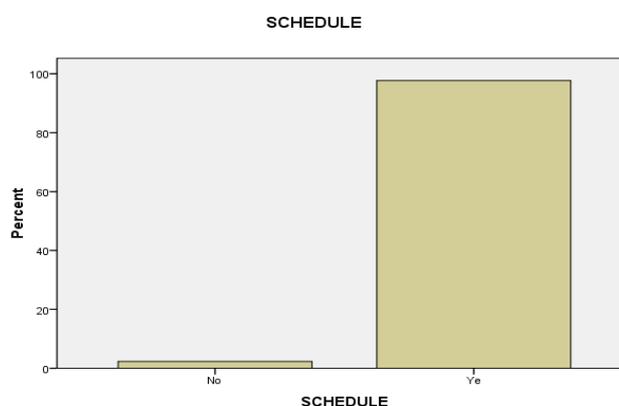

Summary-

Students were satisfied ($\geq 85\%$) with facilities like Department facility, teaching, Schedule, Syllabus, internal assessment, clinical staff, library timing, Syllabus completion, classroom facility, proportion of lecture, faculty teaching staff, and department office.

Students were moderately satisfied ($\leq 85\%$) in completion of syllabus, national program and ambience.

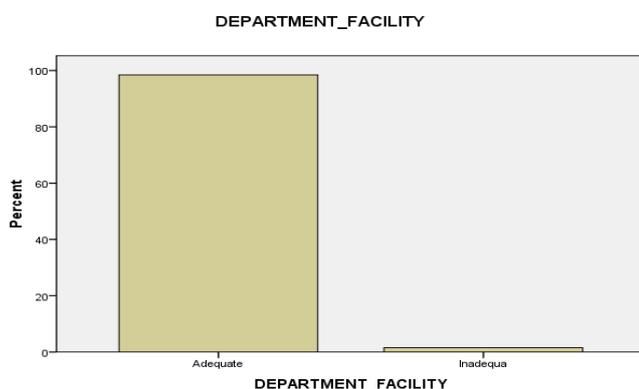

b) Schedule-

97.7% of students were satisfied with the schedule of the department. 2.3% of students were not satisfied with the schedule of the department.

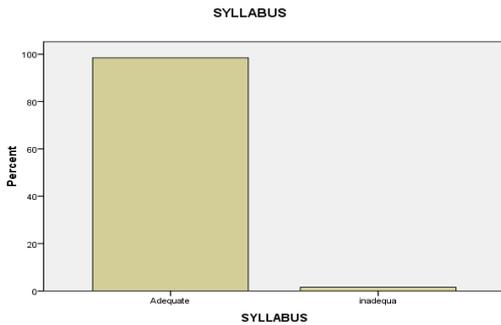

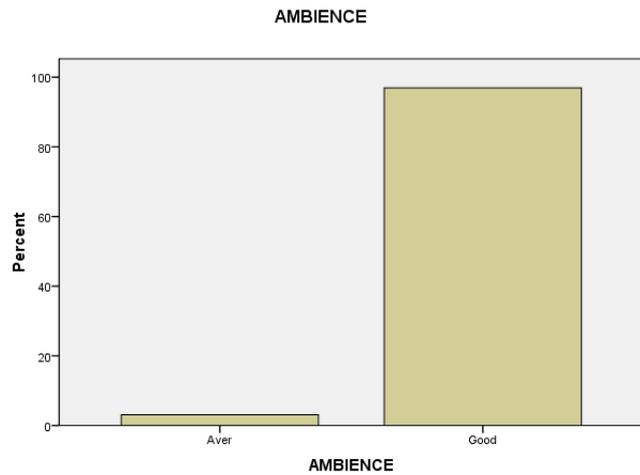

b) Department facility-

98.5% of students found department facilities to be adequate and only 1.5% found it to be inadequate of the facility of the department.

c) Ambience-

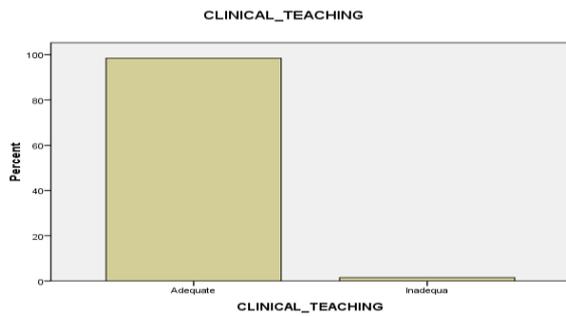

96.9% of students said that the ambience of department was good while 3.1% students found the ambience about the ambience of the department.

d) Syllabus- 98.5% of students found syllabus to be adequate while 1.5% said that the syllabus was inadequate on the syllabus quality.

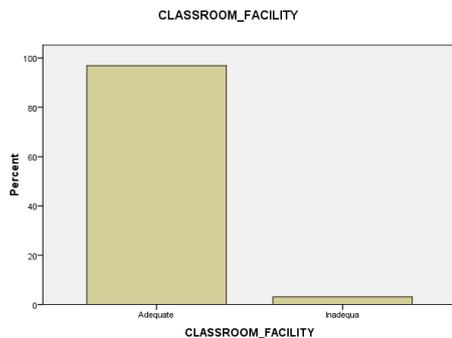

e) Teaching-

98.5% students stated that the teaching was adequate while 1.5% students stated teaching as inadequate.

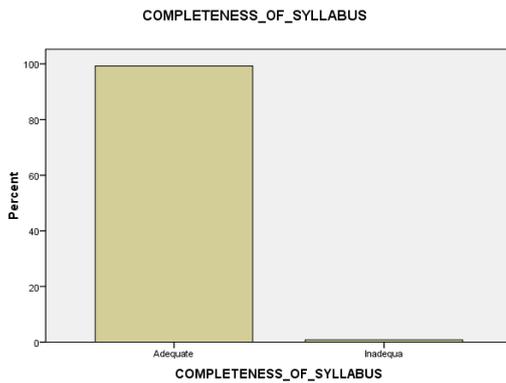

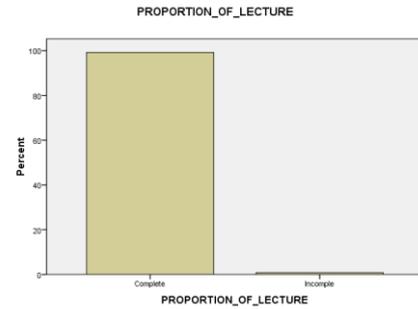

f) Classroom facility-

96.9% of students said the facilities of classroom were adequate while 3.1% of students said the facility was inadequate.

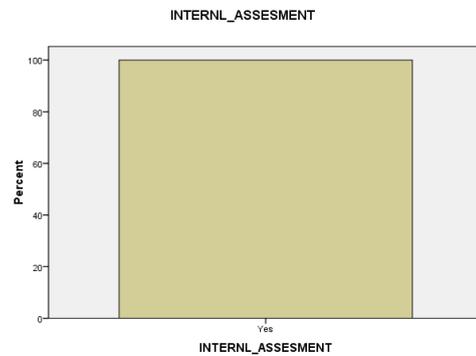

g) Proportion of lecture-

99.2% of student stated that the lecture was complete on time and only 0.8% said it was not complete on time.

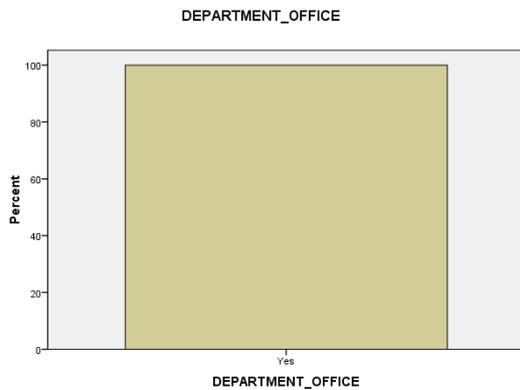

h) Completion of syllabus- 99.2% of students stated that the course was complete on time and only 0.8% said it was not complete on time.

i) Internal assessment-

100% students said that the internal assessment was fair.

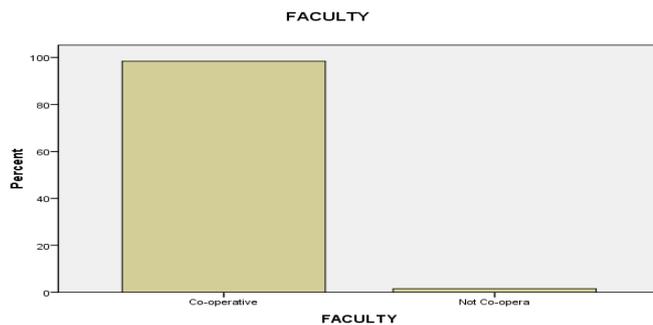

j) Department office-

100% of students found adequate department utility.

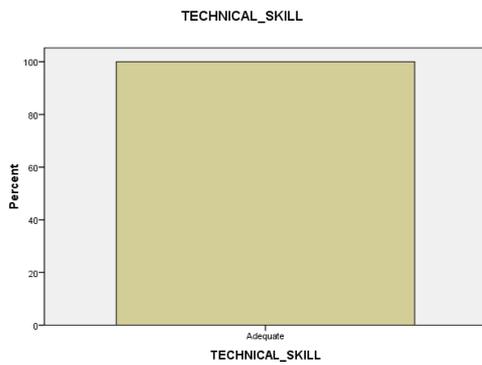

k) Faculty-

98.5% students said faculty was co-operative while 1.5% said they were not co-operative.

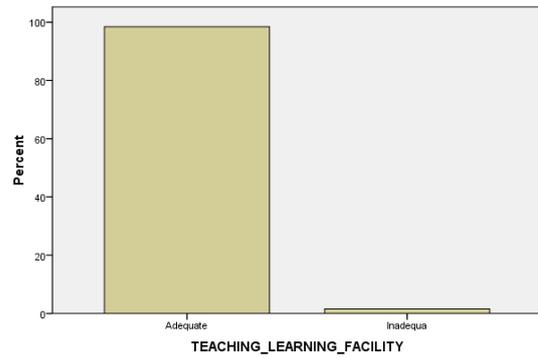

l) Teaching learning-

98.5% said the teaching learning facility was adequate while 1.5% said it was inadequate.

TEACHING_LEARNING_FACILITY

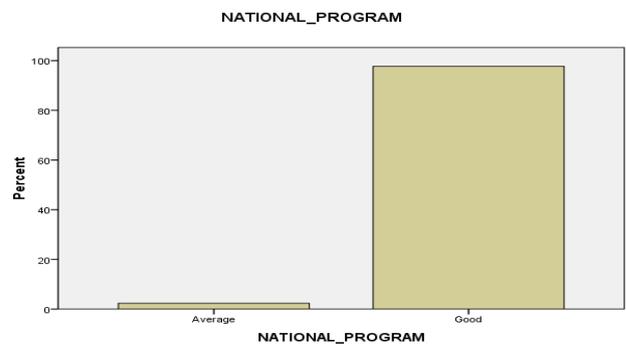

m) Technical skills-

100% said the clinical skills were adequate.

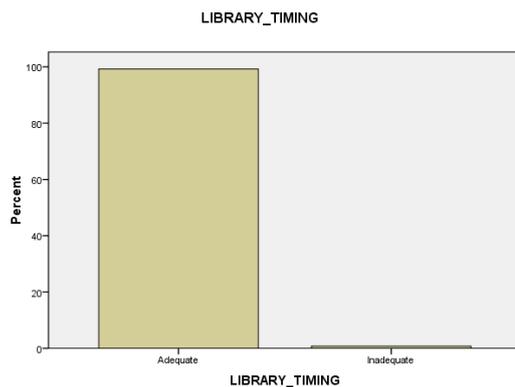

n) National Program-

97.7% students found it to be good while 2.3% found it to be average.

o) Library Timings-

99.2% students said it was adequate and 0.8% said it was inadequate

STUDENTS FEEDBACK ON PHARMACOLOGY DEPARTMENT

ANALYSIS REPORT 2017-18

Feedback from 130 students for department was taken from Pharmacology Department as per the feedback forms attached.

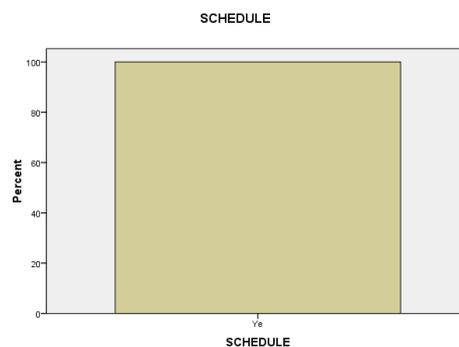

Summary-

Students were satisfied ($\geq 85\%$) with facilities like Department facility, teaching, Schedule, Syllabus, internal assessment, clinical staff, library timing, Syllabus completion, classroom facility, proportion of lecture, faculty teaching staff, and department office.

Students were moderately satisfied ($\leq 85\%$) in completion of syllabus, national program and ambience.

a) Schedule-

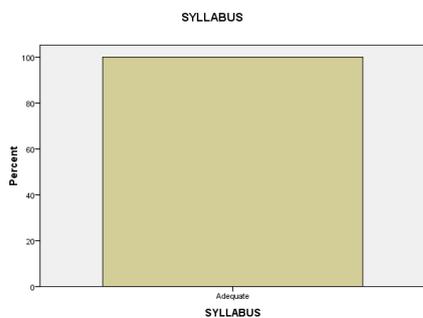

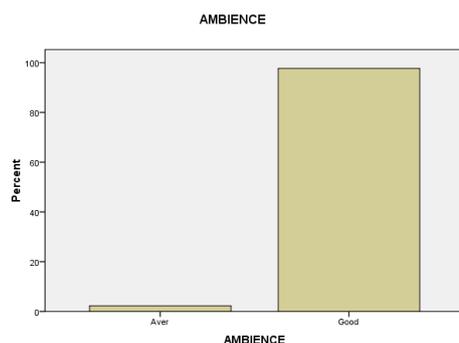

100% of students were satisfied with the schedule of the department.

b) Department facility- 100% of students found department facilities to be adequate.

c) Ambience-

97.7% of students said that the ambience of department was good while 2.3% students found the ambience about the ambience of the department.

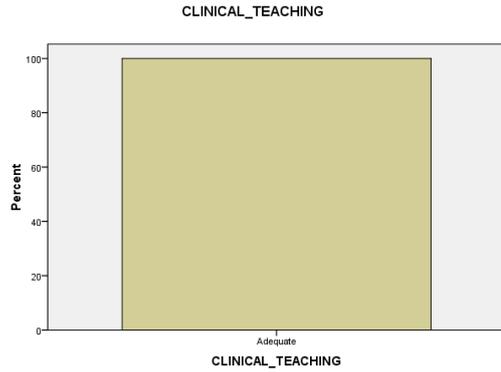

d) Syllabus-

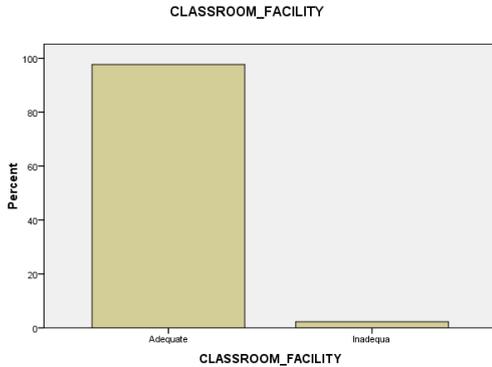

100% of students found syllabus to be adequate.

e) Clinical/Lab Teaching-

100% students stated that the teaching was adequate.

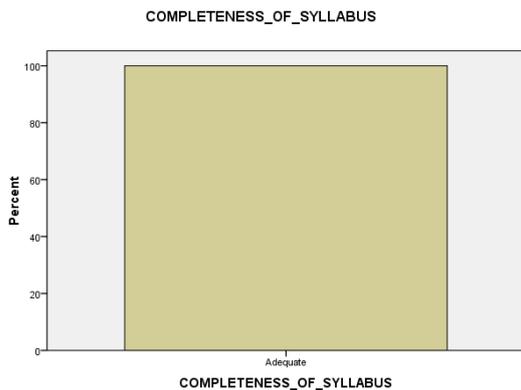

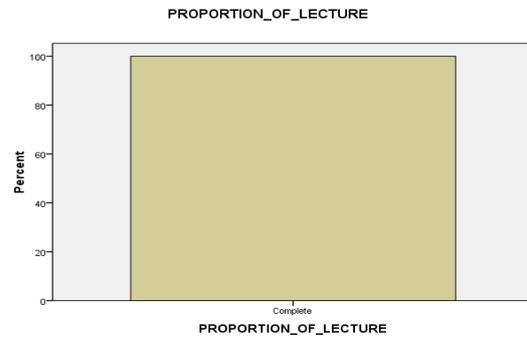

f)

Classroom facility- 97.7% of students said the facilities of classroom were adequate while 2.3% said the facility was inadequate.

g) Proportion of lecture-

100% of student stated that the lecture was complete on time.

h) Completion of syllabus-

100% of students stated that the course was complete on time.

i) Internal assessment- 100% students said that the internal assessment was fair.

j) Department office- 100% of students found adequate department utility.

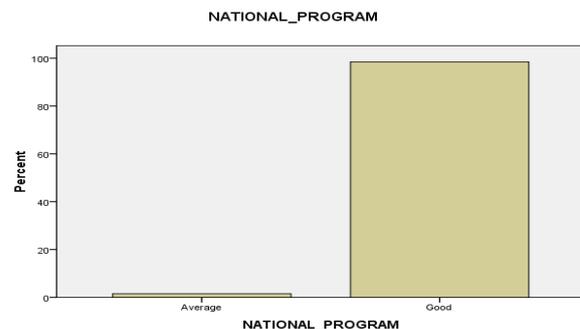

k) Faculty-100% students said faculty was co-operative facility.

l) Teaching learning- 100% said the teaching learning was adequate

m) Technical skills- 100% said the clinical skills were adequate.

n) National Program- 98.5% students found it to be good while 1.5% found it to be average.

o) Library Timings- 99.2% students said it was adequate

STUDENTS FEEDBACK ON COMMUNITY MEDICINE DEPARTMENT

ANALYSIS REPORT 2017-18

Feedback from 134 students for department was taken from Community Medicine Department as per the feedback forms attached.

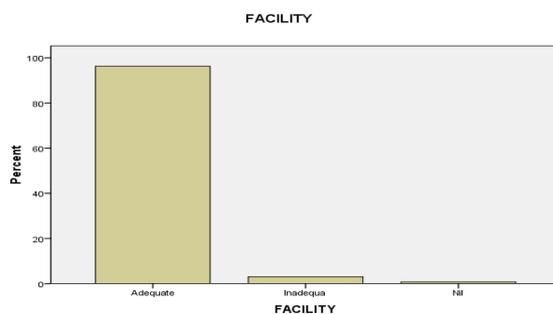

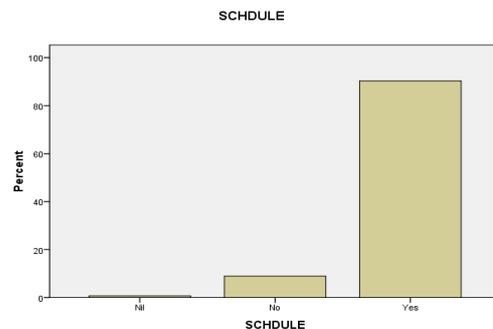

Summary-

Students were satisfied ($\geq 85\%$) with facilities like Department facility, teaching, Schedule, Syllabus, internal assessment, clinical staff, library timing, Syllabus completion, classroom facility, proportion of lecture, faculty teaching staff, and department office.

Students were moderately satisfied ($\leq 85\%$) in completion of syllabus, national program and ambience.

c) Schedule-

90.3% of students were satisfied with the schedule of the department. 9% of students were not satisfied with the schedule and only 0.7% didn't comment on the schedule of the department.

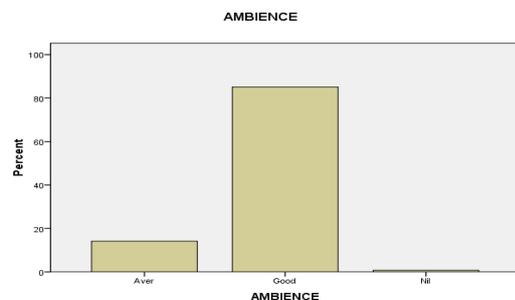

b) Department facility-

96.3% of students found department facilities to be adequate and only 3% found it to be inadequate and only 0.7% didn't comment on the facility of the department.

c) Ambience-
